Diagnostic Medical Sonography Obstetrical Model Consent Form

I, _____, agree to be a volunteer student model at Northeast Wisconsin Technical College (the "College") for the Diagnostic Medical Sonography program. I acknowledge an ultrasound scan is conducted for the purpose of training students and will not be evaluated by college staff or students for medical purposes. As such, the Supervising Ultrasound Faculty and students will not fully evaluate the desired exam checked below and make no representations that the volunteer is receiving any medical diagnosis or treatment. I acknowledge that the College will use the scan for educational purposes but will not disclose any personally identifiable information about me or my medical information to any party. I further acknowledge that the images taken as a result of the ultrasound scan will remain the property of the College.

I understand that there is the possibility the ARDMS certified Supervising Ultrasound Faculty and/or students may incidentally discover potential areas of diagnostic concern during this learning opportunity; therefore, I give permission to NWTC and its staff to forward such information to the below listed healthcare provider. I also understand that NWTC will *not* be responsible with any further follow-up with me or my physician. I agree to be personally responsible for following up with my physician for all medical care.

By signing this form, I acknowledge that I have had a previous physician approved sonographic examination prior to volunteering for this program at the college and will be at least 18 weeks into pregnancy when I have my ultrasound at NWTC. I have notified my physician of my intent to participate in a sonographic student training session. My physician has reviewed this document with me and has approved my intent to participate as a volunteer. My physician's phone number has been provided to the College in case post- session contact is necessary.
